

NuggetBot

Player Guide

Everything you need to earn nuggets, gear up, raid bosses, run heists, dodge the virus, and climb to endgame.

Type / in Discord to see all slash commands.

1. Getting started

NuggetBot is a server economy game. Your currency is nuggets. Most actions use slash commands: type / in any channel where the bot can read messages.

- Check your wallet: /balance
- Claim free nuggets daily: /daily
- See your combat build: /stats
- Browse gear: /shop

Passive income: chatting, staying active each hour, hanging in voice, and random coin drops in the main channel all add nuggets without commands.

2. Earning nuggets

- /daily - once every 24 hours (default 75 nuggets)
- Chat in server - small reward per message
- Voice chat - nuggets per minute in VC
- Coin drops - first to click Claim wins (needs several active chatters)
- /pay @user amount - send nuggets to friends
- /leaderboard - richest players
- Boss raids - damage share when Hannah falls
- /trivia - guess a word from server history
- /heist - steal from others (risky)
- /bounty - reward when someone says a trigger word

Prestige and seasonal events can multiply your income (see section 9).

3. Shop and gear

- /shop - list weapons and armor (10 tiers each)
- /buy item_id - purchase (use autocomplete)
- /inventory - owned items with stat lines
- /equip item_id - wear weapon or armor
- /sell item_id - sell one copy for half shop price

Weapons: base damage + random 1-5 per hit, plus crit chance.

Armor: reduces boss counter damage and adds max HP in raids.

Top shop tier: Nugget Excalibur + Nugget Immortal Plate (120,000 each).

Beyond that: Mythic Voidreaver + Mythic Aetherplate (175,000 each).

Gear sets (bonus)

Equip a matching weapon + armor theme for +5% damage and extra mitigation. Examples: Ember Axe + Ember Mail, Void Blade + Void Ward, Nugget Excalibur + Nugget Immortal Plate.

/stats shows your full combat sheet including set and prestige bonuses.

4. Boss raids (Hannah)

A boss spawns automatically about every 2 hours, or an admin can /summon. Everyone attacks together; rewards split by damage dealt.

- /boss - HP bar and threat level
- /attack - hit Hannah (need gear equipped for best damage)
- /raid-leaderboard - who is contributing most
- /heal @user - revive downed raiders (+15 nugget healer reward)

Boss variants (weakest to strongest): normal, enraged, shadow, celestial, mythic.

At 75%, 50%, and 25% HP Hannah enters new phases - counters get nastier.

Loot: battle-worn gear (common), epic raid pieces (rare), mythic drops on celestial/mythic kills.

/craft - upgrade battle-worn drops into real shop items for a fee.

5. Heists and bounties

Heists:

- /heist @target [@crew1] [@crew2] - steal 20% of wallet on success
- Better weapon = higher success (intimidation bonus, up to +10%)
- On failure, target can /arrest you within 5 minutes
- 30-minute cooldown between heists

Bounties:

- /bounty @user amount trigger_word - pay to place (min 50 + tax)
- Whoever makes them say the word (alone in a message) wins the pot
- /bounties - list active bounties

6. T

- /hack @user - start the virus on someone (5 min cooldown per hacker)
 - Holder must /transfer @user before the timer runs out
 - Each pass increases the penalty if it detonates
 - Larger wallets take slightly less damage when it pops
- Watch the embed timer bar - do not hold it when time is low!

7. Progression

- /achievements - track 11 unlockable goals
- /prestige confirm:true - reset wallet (need 100k+) for permanent +crit and +income
- Max prestige 10 - stacks +1% crit and +2% income per level

Achievement examples: first boss kill, 25 raids, mythic slayer, heist king, field medic, own Excalibur.

8. Seasonal events (admin)

- /event status - see active event

Admins can run:

- double_drops - 2x boss loot chance
- bonus_income - 1.5x nugget earnings
- festival_boss - 1.25x boss HP
- trivia_fiesta - 2x trivia rewards

9. Command quick reference

Economy	/daily, /balance, /pay, /leaderboard
	/shop, /buy, /inventory, /equip, /sell, /stats
	/boss, /attack, /raid-leaderboard, /heal
	/achievements, /prestige, /craft, /event
	/heist, /arrest, /bounty, /bounties, /hack, /transfer
	/trivia

Tips

- Equip gear before raiding - /stats shows your damage range.
- Match set pieces for the damage bonus.
- Heal downed teammates - you earn nuggets and achievements.
- Craft battle-worn drops instead of selling them cheap.
- Use /stats public:true to show off your build in channel.
